1. Download a piece of sw called Microsoft Teams
2. Download Publish and Perish (harzing)
3. Create an electronic document with the following format:
    1. Chapter 1 Introduction
        a. 1.1 Introduction (this is an intro to the chapter)
        b. 1.2 Background to the problem (why are you doing this project- justification with references)
        c. 1.3 Aim - ONE aim please
        d. 1.4 Research question - follow Peter Everys guidance on how to formulate the question)
        e. 1.5 Objectives : 5-8 objectives (these must be shown to be complete in the final chapter of the dissertation)
        f. 1.6 Project management including Baseline gantt chart; wbs; dependencies; milestones; deliverables
        g. 1.7 chapter by chapter breakdown of the dissertation
    2. Chapter 2 : Literature review
        a. 2.1 Introduction
        b. 2.2 LR
        c. 2.2.1 paper one summary
        d. 2.2.n.paper n summary
        e. 2.3: summary and conclusions to chapter
    3. Chapter 3 : Research methods
        a. 3.1 Intro
        b. 3.2 Summary of Research: Saunders Research onion
        c. 3.3 Research trajectory followed with justification
        d. 3.4 Summary Conclusion
    4. Chapter 4 : Empirical Research/SW development
        a. 4.1 Introduction
        b. 4.2 application of research methods/software development
        c. 4.3 summary ; conclusion
    5. Chapter 5: Summary, conclusions, future recommendations, critical evaluation
        a. 5.1 Introduction
        b. 5.2 Mapping of objectives to completion
        c. 5.3 Conclusion of work carried out
        d. 5.4 future recommendations
        e. 5.5 critical evaluation

4. Please note that The Table of contents/figures/tables should be auto generated; referencing should be conducted using Cite Me or Ref Me or equivalent;
5. Capture my tel no 07790013861 and send me yours. I will create WhatsApp group for us.
6. Please prepare a mind map of your ideas for projects, with some ideas of the title;
